“ Grandpa I never thought this day would come. You were the strongest man I ever knew. It breaks my heart to know your not on this earth anymore. To know your never going to come out of the halway door at the house. To know your never going to sit with me again at the table and talk and eat with me like we use to. You gave me so many good memories granpy you have no idea how much i will miss you. My only regret is that I didnt tell you how much I loved you and admired you. You never gave up and always kept your head held super high. You were the hardest worker i knew and never complained. I am going to forever miss you. You are no longer in any pain and no more suffering. Your free Grandpa. I love you forever -Tina

“ Grandpa , Words couldn't even begin to express how much I miss you . I went to your house a few times since you passed and my heart broke when I realized that you wouldn't be there . I peeked into the windows of you're truck and saw all your belongings ..but only wanted to see you . Although I am sad I still look up to the sky everyday knowing that you have been made new knowing that you are happy and not in pain . I picture you smiling down on me saying "cheerleader" (your way of saying see ya later) I'll see you again My Grampy . but until then you're always in my heart and always on my mind . Rest In Paradise my Angel -Your Green Eyed Granddaughter

“ Dad this is one of the hardest things that I have experienced in my life and it pains me when realization hits that you will no longer be home, that when I drive down our country road and see the beginning of your property so well kept that when I turn in the gate I will no longer see you working on the yard, working on your truck or just sitting under the tree with your music playing after a long days work - I love you and I miss you so much..I thank God that for how you raised me I am a survivor and you taught me never to give up and always give it my best shot - thank you pops until I see you again rest in the presence of our creator. Love Rocky

“ Daddy I know that you are in a better place where there is no pain or sadness. I will forever miss you with all my heart and soul. Know that I love you and always will. When I was born you gave me the greatest gift of life and I had a very good one with your parents. Knowing that you were never far and that you loved me was enough. Rest In peace with all your relatives in heaven.
